To Whom It May Concern:

We have been a customer with Telus Mobility for approximately 9 years. I would like to let you know that we receive wonderful service from Jocelyn Goreman. She is always professional and willing to help. When we purchased new Blackberry she even came out to the office to help the owner with the initial set up. She is always offering ideas to improve our service as well as passing along information on any new products that are coming out. We also receive excellent on site customer service at the Burnside location. There is an on site repair technician that is always willing to help when we have problems with our phones.

I would recommend dealing with this branch. The service is great.

Sincerely

McCarthy's Roofing Limited
